

**Developing strong South Africans,
and building a resilient
Graeme College.**

The Ingwe Bursary Fund aims to empower individuals to reach their full potential. Your support can make a meaningful difference in the lives of young individuals. Together, we can empower the next generation and leave a legacy.

Our mission is to provide opportunities for talented individuals of character, who are unable to afford the costs of attending Graeme College. The Fund will support boys with character and potential; enabling them to pursue their school education.

Together, we can ensure that deserving students have the chance to thrive at Graeme College.

The Ingwe Bursary Fund

We envision supporting five learners per grade, totaling 25 learners who will benefit from this initiative and an investment total of R20 million is needed.

Who should support the Ingwe Bursary Fund?

- Are you passionate about Graeme College and South Africa: If you have a deep connection to our school and community, your support can help us continue to provide quality education.
- Believe in the power of education: If you are committed to shaping and transforming young futures and empowering talented individuals, your contribution WILL make a significant difference.
